NOTE: Rammed Earth Australia Pty Ltd will provide owner builders who purchase formwork with detailed instruction on its assembly and use.

Rammed Earth Australia Pty Ltd recommends that all people unfamiliar with Rammed Earth techniques employ the help and advice of professionals - not using the correct soil type or correct stabilization ratios can result in unstable and dangerous construction. If you are unsure of how to achieve a great result we are happy to quote for professional services and / or construction. Rammed Earth Australia Pty Ltd shall not be held liable for the misuse or incorrect technique used by people who use our formwork. It is the responsibility of the individual to ensure they are trained and educated on the processes required to construct legal and safe structures.
